25X1 11. [ ] Talked to Mr. Philip Yeager, Counsel, House Science and Astronautics Committee, who advised that he had met with Chairman Miller who approved withdrawal of the letter request to the Agency concerning security review of the Library of Congress paper on the Soviet Missile Program. The file is being closed out with an appropriate notation by Mr. Yeager of his conversation with the Chairman. Once again Mr. Yeager expressed the Committee's appreciation for the Agency's assistance for the security review of the paper. Mr. Yeager noted in passing, that similar clearances had been received from the Department of Defense with regard to this study.

25X1 12. [ ] I met with Mr. Charles O. Whitley, Administrative Assistant to Representative David Henderson (D., N. Car.), Chairman of the House Post Office and Civil Service Manpower Subcommittee, and discussed with him a possible visit to the Agency Headquarters to meet with some of our Agency people, and to discuss problems inherent in legislation which will be coming before the Manpower Subcommittee next year. In essence, Mr. Whitley advised that he feels the Chairman would like to visit the Headquarters and "see some of our electronics" and meet with us. He indicated further that the Chairman's schedule for mornings next week looks fairly good at the present time.
